

## Love Your Neighbor-Based Workshops and Schedules

Love Your Neighbor Workshops are based on short, practical topics from LYN. As workshops, they will always include some sort of demonstration and practice of skills. These are good for Sunday school classes, Bible studies, fellowships, and special meetings.

### **Ten Tips for Sharing Christ, 30 minutes-3 hours**

This workshop touches briefly on 10 important principles; it can be condensed or expanded by reducing the number of tips covered, or adding more depth and practices to the ten tips.

### **Introducing Jesus 45 minutes-1.5 hours**

How to initiate spiritual conversations with demonstration and practice.

### **The Tolerance Conversation Stopper 30 min-1.5 hrs**

What “tolerance” means to our friends, common tolerance reactions and how to respond to the most common one (“All religions teach the same thing”), with demonstration and practice.

### **Jesus Film App 20-45 min**

The Jesus film has been the greatest tool for church planting in this generation other than the Bible. Now the free JF app offers every Jesus film product ever made in all available languages – the greatest electronic personal witnessing tool! This workshop will have you download and use the app to start spiritual conversations, share Bible stories, and discuss them with your friends.

### **Incarnational Ministry Model 45 minutes-1/5 hours plus temple visit**

Based on Matthew 9:35-38 and Acts 17:16-34, how Jesus and Paul model incarnational ministry. Temple field trip provides motivation and preparation for Love Your Neighbor training as participants follow Paul’s example in Athens of observing prior to proclaiming the gospel.

### **The Hindu Pizza 30-60 min**

How is Hinduism like a pizza? It has some key ingredients and lots of toppings that vary according to taste. Get familiar with what you will encounter as you meet friends and form correct foundational attitudes; learn to ask good questions that draw people out in preparation for sharing Christ.
